Bought to replace the malfunctioning auto-lock hubs on my 1996 Ford Ranger that I have owned since new. They work well enough but I do not like the internal locking mechanism with a jam nut only. I would prefer a more positive lock. After about 3 years the markings have worn off. In retrospect I would spend the extra money for the all metal ones.

I decided that the 1993 Ford Explorer XL fit my needs and would make for an extremely trail worthy vehicle once a few well planned modifications had been performed. The criteria I had was to keep it simple so I started with a base 4-door Explorer XL equipped with manual locking hubs, manual transfer case and a 5-speed manual
