### E-Mail For Dummies: Levine, John R., Baroudi, Carol ...

How E-Mail Works. By Dan Gookin . People use email every day, but don't really understand how it works, assuming it is too technical. The concept of email is quite simple. Just as you don't have to know how to fix a USPS delivery vehicle to understand how mail gets to your mailbox, you don't have to understand the geek-speak to know how ...

### How E-Mail Works - dummies

An email account is a username/password combination that gives you access to a mailbox.. The mailbox is the location where email is stored and is usually spit into folders. You can liken a mailbox to a filing cabinet. The mailbox will always be located on an email server belonging to your email provider e.g. Yahoo.. The email address is a label attached to the mailbox and is used for ...
