If you keep a track of books by new authors and love to read them, Free eBooks is the perfect platform for you. From self-help or business growth to fiction the site offers a wide range of eBooks from independent writers. You have a long list of category to choose from that includes health, humor, fiction, drama, romance, business and many more. You can also choose from the featured eBooks, check the Top10 list, latest arrivals or latest audio books. You simply need to register and activate your free account, browse through the categories or search for eBooks in the search bar, select the TXT or PDF as preferred format and enjoy your free read.

Nist Sp 800 16 Information

This document supersedes NIST SP 500-172, Computer Security Training Guidelines, published in 1989. The new document supports the Computer Security Act (Public Law 100-235) and OMB Circular A-130 Appendix III requirements that NIST develop

NIST SP 800-161 | NIST

Publications in NIST's Special Publication (SP) 800 series present information of interest to the computer security community. The series comprises guidelines, recommendations, technical specifications, and annual reports of NIST's cybersecurity activities. SP 800 publications are developed to address and support the security and privacy needs of U.S. Federal Government information and information systems.
