The Clinical Textbook of Dental Hygiene and Therapy is designed as a dedicated companion text for these disciplines and should enable students to streamline their primary reading. Following course developments and an expansion in the remits of both hygienists and therapists, this book is written not only for students, but also as a revision aid for those already in practice.

It now appears edited by Dr. Albert Robin, assisted by special writers on such topics as military, naval, school and personal hygiene and quarantine. The editor has had an arduous task before him, that of adding, subtracting and correlating in such a way as not to detract from the ensemble and style of the book as Rohé left it.
